

Our Firm

SAF Group (“SAF”) is a global alternative investment manager actively deploying and raising capital with a focus on generating above average risk adjusted returns through credit and structured equity investments. Since its formation in 2014, SAF has deployed over \$4.0 billion in investments while expanding its reach from Calgary to Vancouver, Toronto, and London. At the center of SAF’s success is a young and dynamic culture with an emphasis on intellectual curiosity, idea generation, and collaboration within a team focused environment. We depend on our investment professionals to ensure that we are always seeking, identifying, understanding, and capitalizing on opportunities which have the greatest impact on our team, our investors, and our broader communities.

Our Strengths

In addition to an expertise in the natural resources and financial services sectors that drive Canadian capital markets, SAF is actively deploying capital in real estate, agriculture, business services, health care, and life sciences sectors. SAF’s deep network in global alternative capital markets and strategic partnerships with sophisticated institutional investors ensures a robust pipeline of proprietary opportunities. With over 50 investments completed to date, SAF has consistently generated attractive returns across multiple sectors and outperformed comparable benchmarks.

SAF believes actively integrating ESG considerations into every level of the investment process has a positive impact on all stakeholders, which ultimately drives positive long-term returns, and therefore incorporates a broad range of ESG factors into both underwriting and portfolio monitoring. With the continuing rise of private debt opportunities and increasing alternative capital pool allocations, SAF’s team is positioned to continue its rapid growth in capital management and deployment.

Our Needs

We are seeking an **Investment Analyst** as a key addition to our investment and portfolio management team. The ideal candidate will be a high energy and self-starting individual with a passion for critical thinking and financial/risk analysis, strong communication skills, attention to detail, and work ethic. The successful candidate will be part of a small and collaborative investment team and will support the analysis and decision-making process for a range of new and existing investments.

Your Responsibilities

- Review and critically analyze due diligence information and materials;
- Assist the financial and credit modelling (including cash flow and risk-return analyses) and presentation of investment / transaction analyses, portfolio maintenance, and counterparty optimization for current and future investments;
- Prepare internal and external investment memorandums including qualitative and quantitative summaries;
- Monitor and identify potential enhancement opportunities within the existing investment portfolio; and
- Communicate and interact with SAF counterparties and stakeholders.

Your Qualifications

- Success in a Bachelor’s or Master’s degree with a quantitative focus;
- 0-3 years of relevant work experience;
- Proficiency in Microsoft Excel and other Microsoft Office products;
- Strength in and ability to manage multiple projects and schedules to meet shared team objectives;
- Passion for working in a high-performance and collaborative small team environment.

How to Apply

Please send your cover letter, resume and university transcripts to recruiting@safgroup.ca indicating the position title (“**Investment Analyst**”) in the subject line. We look forward to introducing you to our team and will contact selected applicants directly.

Application Deadline: April 30, 2024

Expected Start Date: May/June 2024
